

# How to Create and Use Your Fightcard

*A quick guide for clubs, gyms, and event organizers*

## What is Fightcard.eu?

Fightcard.eu helps you quickly create and share a digital fightcard for your combat sports event. You can:

- Create a public fightcard to share with fighters and spectators
- Update matches live during the event
- Get a private admin link to manage your card

## Step 1: Create your fightcard!

1. Go to <https://fightcard.eu>
2. Choose your language (Swedish / English)
3. Fill in:
  - **Email address**  
*(Used to send important information and admin access)*
  - **Club or gym name**  
*(This becomes part of your public link)*
4. Click “**Save & continue**”

That's it, your fightcard is created instantly!

## Step 2: Your links are ready

After creation, you will see a section called “**Links ready**”. You will receive:

 **Public fightcard link**

This is the link you share with:

- Fighters
- Coaches
- Audience
- Social media

Example: <https://fightcard.eu/yourclub>

Anyone with this link can view the fightcard.

### **Admin link (for organizers only)**

This link is for you and your team only.

Use it to:

- Edit matchups
- Update results
- Manage the fightcard during the event

### **Admin password (token)**

You will also see an **admin password**.

- This password gives full access to the admin page
- Save it somewhere safe
- You may need it if you open the admin page on another device

## **Step 3: During the event**

During your event you can:

- Open the **admin link** on your phone, tablet, or computer

- Update fights live as they happen
- Share the public fightcard link so everyone sees updates instantly

## QR Code

You can generate a QR code so people can:

- Scan it at the venue
- Instantly open the fightcard on their phone

## Important information

- Your fightcard and links are available for **48 hours**
- Club names cannot be reused during this time
- Make sure to save your **admin link and password**

## Need help?

If something doesn't work or you have questions:

- Check that you're using the correct link (public vs admin)
- Make sure the admin password is correct
- Contact the Fightcard.eu team for support

## You're ready to go!

Good luck with your fights! 🍀
